“Time wasted is life wasted.”

I am delighted to learn that numerous students undergoing coaching at Prodigy Educlasses will be participating in examinations such as BOARD, OLYMPIAD, NTSE, NEET, JEE, WBJEE, and other board examinations. I am sure that Prodigy Educlasses students have a deep understanding and appreciation of the core values of human life as envisaged by Swami Vivekananda. This unique combination of strong moral roots and thorough knowledge of the curriculum will make the candidates a great match for the noble profession they are aspiring to enter. I wish all the Prodigians in particular and **Prodigy Educlasses** in general every success in the days to come. May the blessings of the Holy Trio shower on all of you and enable you to achieve your dreams, with my loving namaskars.

“Education's base: where futures take shape.”

Prodigy Educlasses adopts a holistic education approach, catering to comprehensive and competitive learning needs. Covering foundational classes (7 to 10) and offering specialised coaching for NEET, IIT-JEE, WBJEE, and board exams ensures students are prepared for academic success and future careers. With three-decade expertise in the sector, I am intricately involved in this educational endeavour with **Prodigy Educlasses**.

THEIR ADVICE KEEPS US INSPIRED

"Education Is The Manifestation Of The Perfection Already In Man."

In all eras, education is the most important thing to pass on. When a group of young blood does something for society, especially in the field of education, it will bring about the best change for society. Prodigy Educlasses is a great initiative encompassing all those aspects in a package. Wish you all the best for the forthcoming success and my love.

"A good education can change anyone. A good teacher can change everything."

I am Nirmal Chandra De, and I have dedicated 36 years to the noble profession of teaching. Over the years, I've had the privilege of interacting with students from around the globe. When I embarked on this journey in 1959, my primary goal was to instil discipline in my students. Teaching is a noble profession as it involves shaping the future generation. Throughout my 36 years in the school system, I never missed a day and was never late for a single minute. My commitment extends beyond the classroom— I've donated land to several upcoming government schools. Now, I'm channelling my knowledge and experience into building Prodigy Educlasses.

"Hard work: the path to dreams realised."

My journey from a student of Ramakrishna Mission to a research scientist in physics was not smooth but full of excitement, with the help of hard work and dedication. From my life experience, I just want to tell you all that you should never give up hope and always focus on your goal. Do not focus on your result but on the process that will lead you to success. We are eagerly waiting for more aspirants like you to move forward in this field. We wish all the prodigians the best of luck in achieving their goals and making their dreams come true.

MORE THAN WORDS, IT DEFINES US

Prodigy Educlasses, established by dedicated Ramakrishna Mission alumni, embodies distinguished education, emphasising holistic and practical learning, surpassing traditional methods.

Our institution prides itself on a team of highly experienced, dynamic faculty known for industry expertise, unwavering patience, and dedication to fostering student growth.

Our management prioritises, addressing even the smallest student concerns. Over time, **Prodigy Educlasses** consistently produces achievers in NEET, JEE, WB JEE, Olympiads, NTSE, and Board exams, a testament to our exceptional education quality.

Our comprehensive courses start at the foundational level in class VII, allowing skill development from scratch. Rigorous Board exam preparation spans classes VII to XII. Join us for expert guidance and unwavering support toward your competitive exam goals.

We aspire to transform West Bengal's coaching system, elevating success rates in national and international exams. Committed to providing superior and result-oriented education, we aim to empower students not just for exams but for life, imparting value-added skills. Our ambitious vision includes establishing an ethical, value-centric CBSE school in Narendrapur by 2030, serving students from West Bengal and neighbouring states with residential and day boarding facilities.

Join us to embark on our journey at **Prodigy Educlasses** for excellence in education and holistic student development.

EPITOME TOWARDS SUCCESS

01

OUTSTANDING TEACHING

Our unique teaching methodology is designed to cater to each individual student. We analyse their specific strengths and areas for improvement. With the guidance of seasoned and committed educators, we cultivate a robust and personalised learning environment, shaping a comprehensive educational system.

02

EXAMS FOR A BRIGHTER TOMORROW

01 OLYMPIAD

Olympiads, such as those organised by the Indian Talent Olympiad, serve as nationwide educational competitions that foster skills in Science, Mathematics, Computer education, and English. Aimed at students from class 1 to 10, these exams promote critical thinking and self-discovery. By testing reasoning, knowledge, and understanding, Olympiads provide a unique platform for the students to identify and nurture their talents. Parents get benefited by understanding their child's strengths early on, enabling targeted support. With over 31,573 registered schools, these exams not only make learning enjoyable but also pave the way for young talents to emerge in various fields, shaping future scientists, technologists, entrepreneurs, and leaders.

02 NTSE

Established in 1961, the National Council of Educational Research and Training (NCERT) in India introduced the National Talent Search Exam (NTSE) to improve school education. It identifies gifted students through a two-stage process— states handle stage 1 and NCERT manages the national-level stage 2 and awards scholarships to successful candidates. NTSE is open to Indian students, including those studying abroad in class X, based on CBSE criteria. Candidates in India selected through the screening examination are eligible for NTSE.

03 10th BOARD

The 10th Board examination is a pivotal milestone, marking the culmination of 10th grade education in boards such as CBSE, ICSE, or WBBSE. This examination serves as a crucial gateway for most of the students, influencing admission into reputable higher secondary schools, professional courses, and training programmes. The scores attained, carry significant weight and shape future educational pursuits and career paths. This examination stands as the initial significant platform, setting the trajectory for a student's academic and professional journey.

04 12th BOARD

Several education boards, including CBSE, ISC, and WBCHSE, administer annual Class 12th BOARD exams in a traditional pen-and-paper format. Eligibility necessitates the successful completion of Class 11 from a recognised board, followed by a subsequent year of study in Class 12. The results of these exams significantly influence future academic pursuits, knowledge acquisition, and admission into professional courses and occupations. Many students also undertake exams such as NEET/JEE/WBJEE concurrently with their 12th board exams, recognising the alignment of syllabi across diverse boards.

DEEP DIVE INTO EXAMS

05 NEET - UG

The National Eligibility-cum-Entrance Test (NEET), previously known as the All India Pre-Medical Test (AIPMT), acts as the primary gateway for admission to MBBS and BDS programmes in Indian medical and dental colleges. Conducted by the National Testing Agency (NTA), earlier managed by CBSE, NEET is an annual examination usually held in May, offering approximately 90,000 seats. Candidates must have studied Physics, Chemistry, and Biology/Biotechnology in Class 10 and 12, excluding Mathematics. The offline exam is available in 11 languages and spans 3 hours and 20 minutes. It covers Physics, Chemistry, Botany, and Zoology, with candidates answering 180 questions out of 200. NEET's significance lies in determining eligibility for pursuing medical education in India.

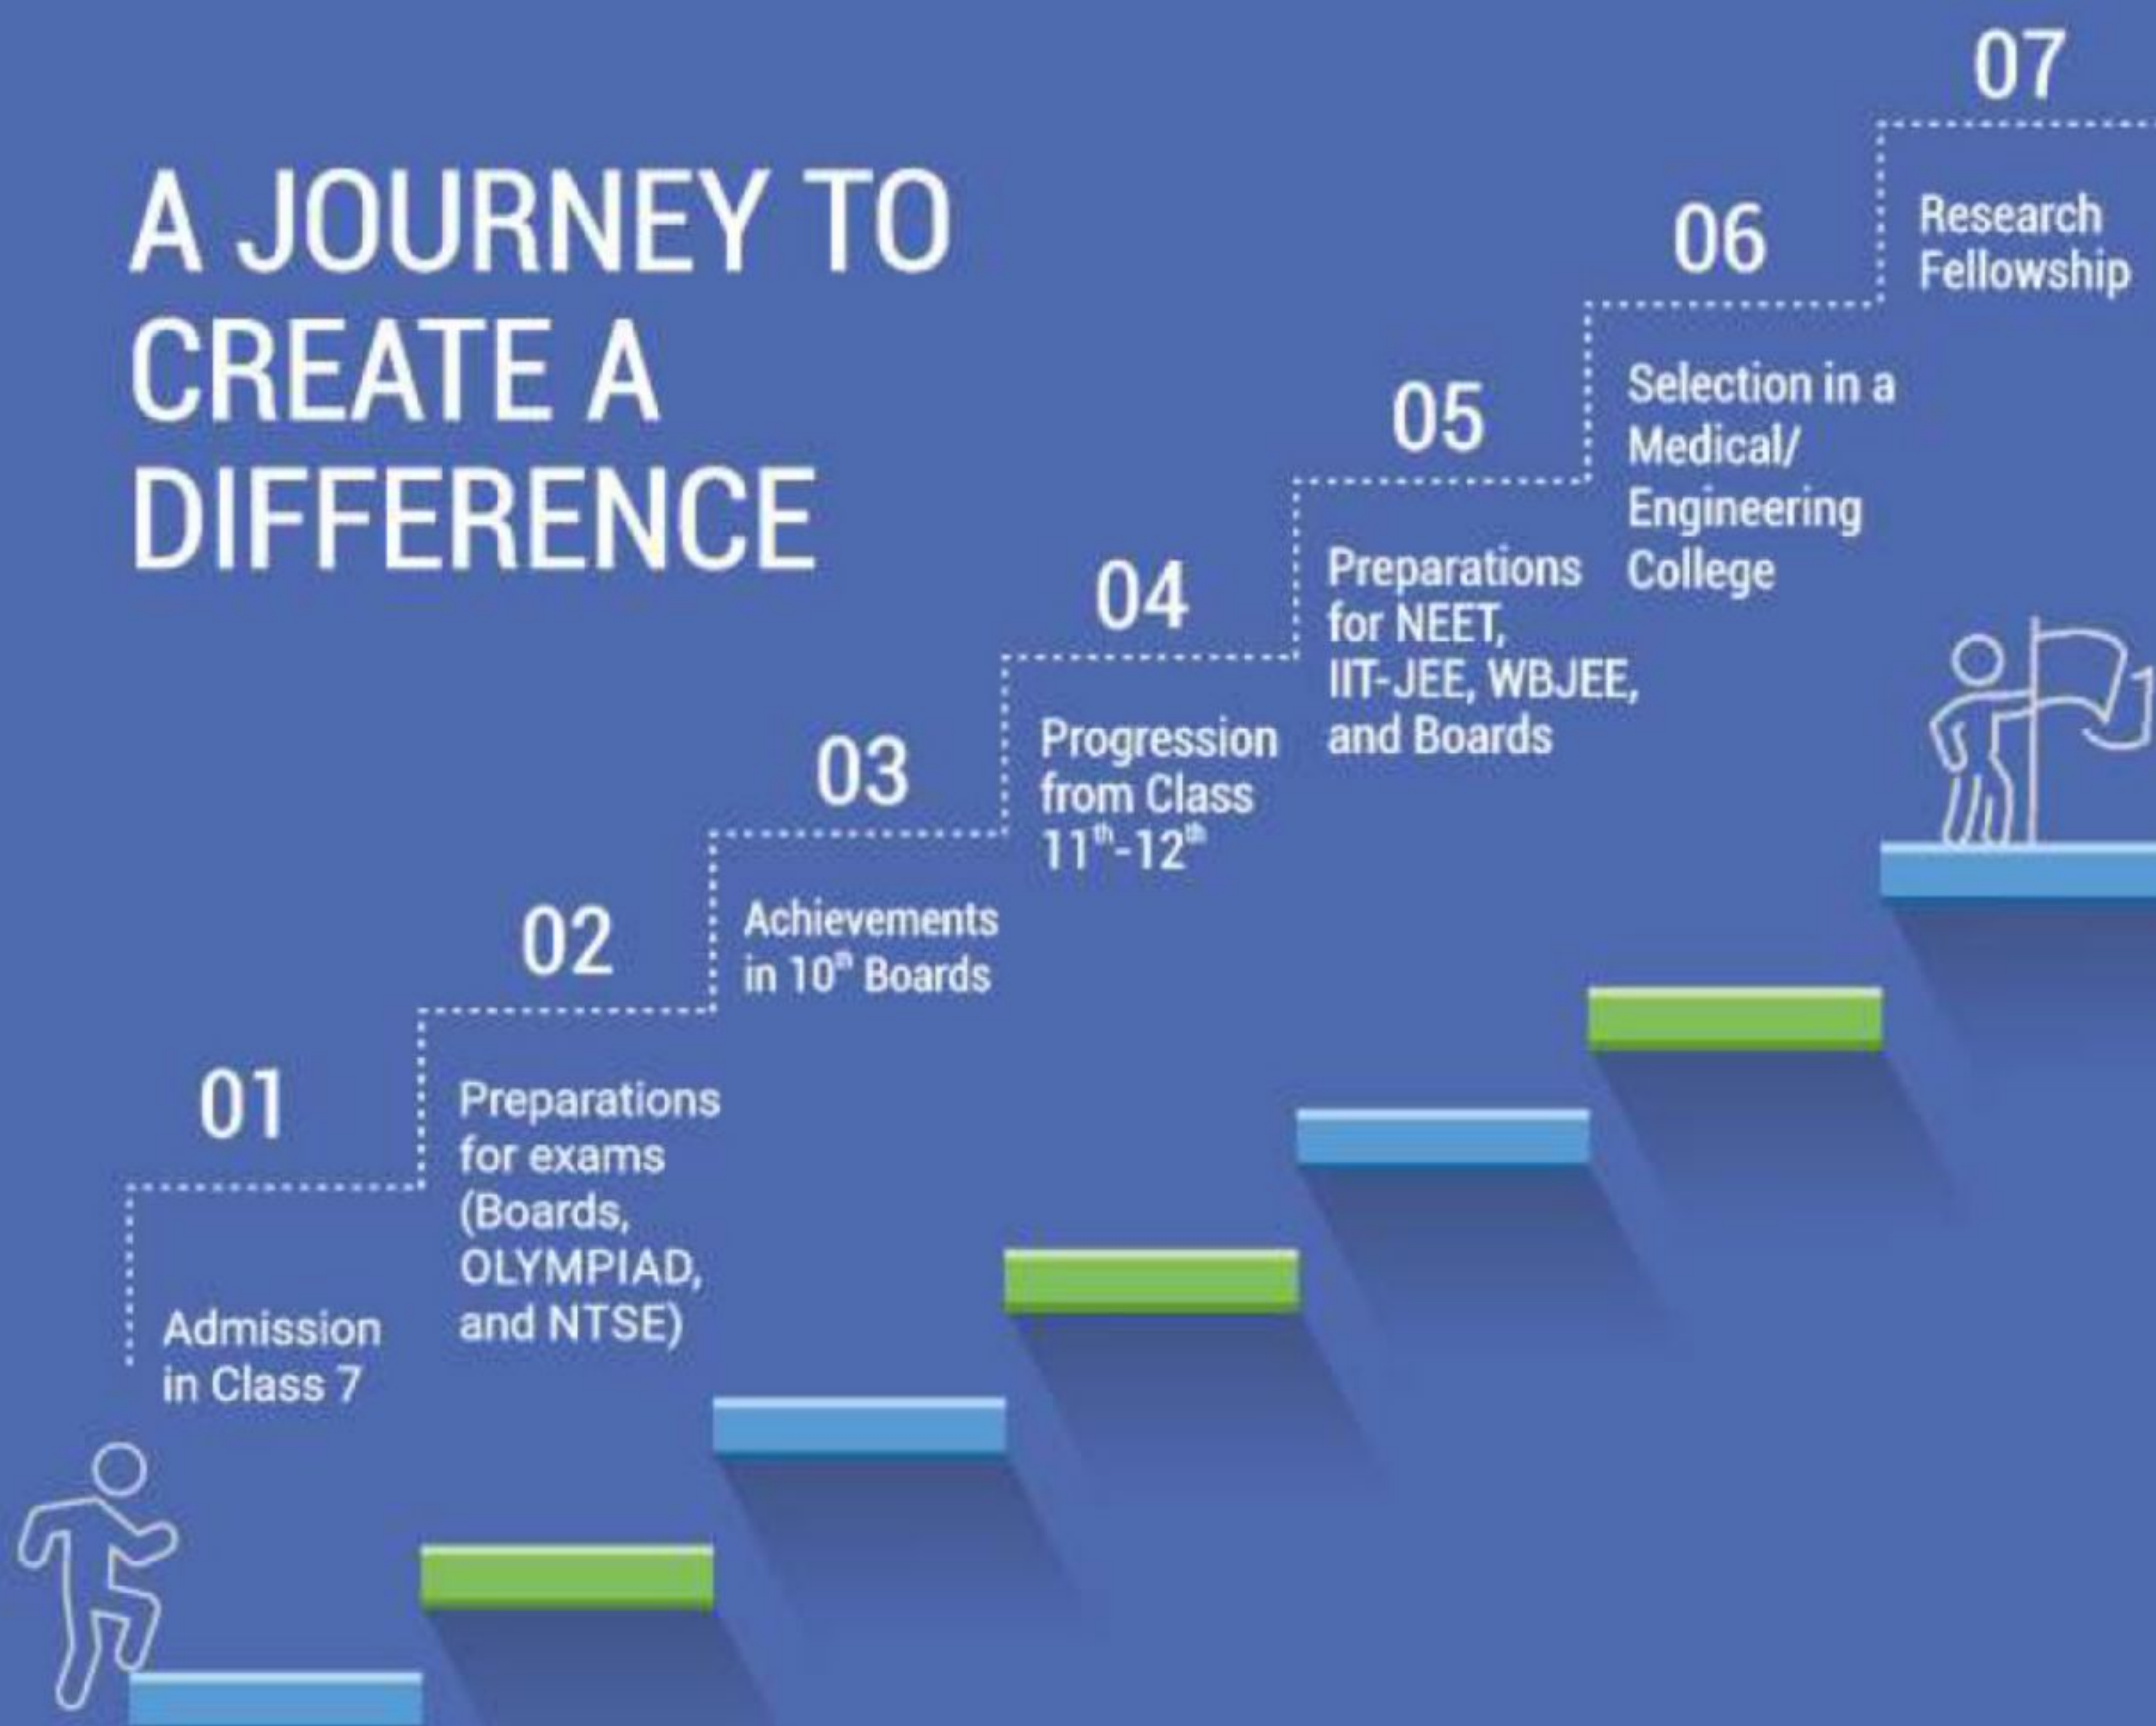

06 JEE Main/Advanced

The Joint Entrance Examination (JEE) is a crucial engineering entrance exam conducted in two stages: JEE Main and JEE Advanced. Serving as an entryway to various engineering colleges across India, the objective-based test requires candidates to secure a position among the top 2,00,000 (across all categories), based on positive scores in JEE Main Paper- 1, with approximately 10,000 students ultimately gaining admission through JEE Advanced. Candidates can attempt JEE Advanced a maximum of two consecutive times, while JEE Main permits three attempts. JEE Main Paper 1 assesses candidates in Physics, Chemistry, and Mathematics, while Paper 2A and 2B evaluate Math, Aptitude, Drawing Skills, and Planning respectively. The examination comprises 30 Multiple Choice Questions (MCQs) and 10 numerical value-based questions in mathematics. JEE Main is scored out of 300, with three sections— Mathematics, Physics, and Chemistry—each carrying a maximum of 100 marks. Success in these exams opens doors to premier engineering institutions. Additionally, candidates can appear for JEE Main twice a year, with exams conducted in January and April.

07 WBJEE

The West Bengal Joint Entrance Examination (WBJEE) is a centralised test for admission to engineering institutions in the state. Administered by the West Bengal Joint Entrance Examinations Board, it is taken after 12th grade for Bachelor's Degree courses. Accessible to Pure Science and Vocational 10+2 students with subjects like Physics, Chemistry, and Mathematics, the WBJEE question paper includes three categories of multiple-choice questions: One-mark (50 in Mathematics, 30 in Physics, 30 in Chemistry), Two-mark with one correct answer (15 in Mathematics, 5 in Physics and 5 in Chemistry), and Two-mark with more than one correct answer (10 in Mathematics, 5 in Physics and 5 in Chemistry). The total marks allotted for each subject are Mathematics (100), Physics (50), and Chemistry (50), making the total marks for WBJEE (200).

Students' Feedback

Avilash Bhaduri (Kolkata)

Grateful to Prodigy for their meticulously designed course and tests. Practicing mock exams in 2:45 hrs, instead of 3:20 hrs, proved instrumental in my journey to AIR 26 in NEET 2022. Now pursuing MBBS at CMC, despite securing a spot at AIIMS Delhi.

Rittik Chakraborty (Birbhum)

I'm Rittik, an MBBS student at NRS. Two years ago, I was a part of Prodigy. PRODIGY EDUCCLASSES is not just an institute; it's my life's emotion. Enrolled in NEET residential batch, it's an incredible, lifelong experience that I cherish.

Akash Giri (Kolkata)

Grateful to Prodigy Educlases and its excellent teachers. Clear explanations with real-life examples and effective doubt-clearing classes have significantly improved my academic performance. Great infrastructure for a conducive learning environment.

Anushka Prasad (Kolkata)

PRODIGY offers exceptional, intellectually stimulating teaching. Clear concepts, excellent infrastructure, and regular tests for self-assessment. Highly recommended for academic improvement, personal skill enhancement, and knowledge growth.

Tarpika Mahato (South 24 PGNS)

I'm Tarpika, part of the Prodigy NEET repeater batch. The standout features for me were the exceptional teaching, insightful counseling sessions by our mentors, and the invaluable assistance from weekly mock tests that significantly contributed to my preparation.

Mahafuz Alam (Birbhum)

Enrolling in Prodigy, I never envisioned achieving NEET success so swiftly. The faculty surpasses adequacy; they are the best educators I've encountered. The study material proved invaluable, contributing significantly to my journey toward securing a place at SSKM.

Shruti Burman (Kolkata)

I am grateful to my institute for guiding me through medical entrance coaching. Now, as I pursue MBBS, I extend my sincere thanks for helping me achieve my dream. The support and education provided were instrumental in my success.

Antara Roy (Kolkata)

I've been performing well in mathematics and physics, surpassing my understanding and clarity of concepts compared to the previous class. My marks have also seen improvement. I believe that further hard work will lead to even more significant progress.

Sompriya Bag (Kolkata)

As a Class 11 student, selecting Prodigy Educlases for building a foundation and preparing for NEET is one of the most elite choices I've made along with my parents, setting the course for my future career. The guidance provided here is comprehensive and more than sufficient for quality preparation. The standout aspect of this institution is the overwhelming and compassionate teachers who not only impart knowledge but also guide us with full enthusiasm and motivation towards our goals.

Debishi Pal (Kolkata)

Prodigy Educlases: Fostering exceptional student aptitude with a focus on individual needs, moral values, and crucial skills. Amplify your knowledge in a nurturing environment where students' objectives align with Prodigy's aim, contributing to their growing individuality, vitality, and intellect.

Students' Feedback

Debasmita Jana (West Midnapore)

Debasmita here, Prodigy Educlasses goes beyond a good coaching system for NEET prep. Amidst difficulties like depression and motivation lapses, their impactful counseling sessions, supported by dedicated Academic Counsellor, guide me through challenges. Grateful for their holistic approach, including study planning, exam tricks, and more. Thanks to my institute for invaluable support.

Gargi Sinha Mohapatra (Kolkata)

Studying at Prodigy Educlasses has been a delightful experience for me. The friendly and approachable teachers have been instrumental in clearing my doubts. The classes are not only educational but also fun and interactive, making the learning process interesting. Overall, the teaching style has significantly improved my understanding of various concepts. Joining Prodigy Educlasses has made me more comfortable with my studies, and I have observed notable improvements since joining.

Pratayee Mondal (Kolkata)

Learning at Prodigy has been a great success. The teachers are friendly and kind, and their teaching methods have a strong positive impact on me. It not only helps a lot but also makes learning here enjoyable.

Swagata Bhunia (Nagaland)

In my anxious days in Nagaland, I discovered Prodigy's NEET residential program. Without hesitation, I enrolled, and they proved to be the dream-makers. The journey, from worry to pursuing MBBS, remains the most fulfilling experience in my life.

Biswanil Golder (Kolkata)

Biswanil here, pursuing MBBS after successfully cracking it in my first attempt alongside 12th Board. Prodigy stands out for its excellent teaching, tests, and study material. The friendly atmosphere and well-managed hostel were key contributors. Thanks, Prodigy Educlasses!

Anushka Halder (South 24 PGNS)

Anushka here, reflecting on Prodigy Educlasses. No institute can write exams for you; they provide support and methodology. Success requires your utmost passion and effort. Grateful to Prodigy for guiding me towards my goals.

Debaditya Bagchi (Kolkata)

Prodigy Institution has greatly improved my performance in Maths and Science, turning my fear of Maths into proficiency. The monthly tests boost my confidence, and the interactive teaching, warm behavior of teachers, and doubt-clearing sessions create a conducive learning environment. I'm thankful to Prodigy for making me a better version of myself and taking pride in my achievements.

SRIJIT PRAMANIK (Kolkata)

Prodigy Institute offers a robust learning environment with experienced faculty imparting practical knowledge. The comprehensive curriculum aligns with industry trends, and the institute fosters a supportive community that encourages collaborative learning among students. Overall, it stands out as a commendable institution, effectively preparing students for their future professional journey.

Students' Feedback

SOHAM GHOSH

B.D.M. International

In the beginning, I was a little shy and worried about how the classes, teachers and students would be. I had always heard that teachers in institutes are rude and very strict. But at Prodigy, the teachers are simple, relatable, and genuinely friendly. I feel so relieved because of their cooperation and friendly nature. The classes are lively, the teachers crack jokes, and everything feels fun and relatable—while still helping us learn better.

AISHANI CHOWDHURY

G.D. Birla

Prodigy has truly changed the way I think and learn. My grades have improved and my knowledge has grown beyond school textbooks. After joining the Foundation Batch, I now see Science in daily life and use Maths naturally in everyday tasks. Prodigy has sharpened my mind and helped me understand my goals clearly.

AMAN BARANWAL

Future Campus School

Since I joined Prodigy, I have experienced a positive change in my marks and most importantly, in my interest in the subjects. This was possible because of the amazing faculties here. They are some of the best teachers I have ever met, who not only help in studies but also guide me to build a good personality and become a better human being. Especially our Maths Sir—he is truly amazing.

SRIJITA PURKAIT

Sarada Vidyapith

I joined the Foundation Course in Class VII and have been studying Physics, Chemistry, Mathematics and Biology for advanced preparation. The classes are helping me to build strong knowledge for the future and I am confident this will help me to achieve my goals.

RIYANSH DAS

Holy Cross School

I joined Prodigy in Class VII, and before that my English and Mathematics were not very strong. Now both have improved a lot—especially my vocabulary and maths. The entire Prodigy team is truly amazing.

SAYAN DAS MAJUMDAR

B.D.M. International

I love all the teachers in the institute, but my favourite is my Mathematics Sir. He has helped me a lot and guided me very well. He also clears all my doubts during the individual doubt classes. Because of him, my speed and understanding in Mathematics have gradually increased. Thank you, Sir, for helping me to improve.

DIPTAK ROY

Future Campus School

Prodigy, as the name suggests—nurturing talent from childhood—has shown me a clear pathway towards my success. The teachers here are very kind, compassionate, and truly caring towards every student. I received great support from my Physics and Chemistry teachers in particular, and it has helped me a lot in my studies.

AABHAS RATHORE

Garden High School

I have been studying at Prodigy for the past 2 years, and it has been a wonderful journey with my English Sir. Before joining, I was terrible in English. My marks hardly went above 60%, and I had very little interest in the subject. But after meeting my English Sir here, my entire perspective changed. I realised that English is not something to be memorised forcefully like history, but something to be understood, felt, and enjoyed. It has been a great experience, and I feel much more confident now.

SHREYANSI RAY

The Future Foundation School

I joined Prodigy in Class 8 after scoring 67% in Mathematics in my Class 7 annual exam. Since then, my Maths teacher at Prodigy has helped me grow, improve, and regain my interest in the subject. From 67%, this year I scored 78%. I have recently joined all the subjects here, and all the teachers share the same positive approach. The teachers here are truly amazing.

SRIJAN DUBEY

South Point High School

Prodigy's Foundation Batch is an excellent choice for students who want a stronger grip on subjects in an advanced, structured way. It builds clear concepts and prepares students for competitive exams like Olympiads and more.

Parents' Feedback

Mr. Alope Dutta (Teacher, Narendrapur Ramakrishna Mission)

Prodigy deserves immense praise for their instrumental role in my daughter's NEET success. Their exceptional faculty, strategic preparation, and unwavering support ensured her placement in a prestigious government medical college. Grateful for Prodigy Educlasses commitment to excellence in medical entrance preparation.

Mr. Anirban Biswas (IC, Narendrapur PS)

Prodigy Educlasses stands out for NEET preparation. The institute's expert faculty and tailored curriculum ensure my daughter's holistic learning. The supportive environment and regular assessments enhance her confidence, making Prodigy Educlasses the perfect choice for aspiring medical professionals.

Mr. Amit Roy (Professor)

Utilising visual aids enhances students' understanding and engagement during classes. Parent-Teacher Meetings (PTM) may be conducted monthly. Incorporating real-world examples in classes is highly commendable, as it helps students see the relevance of their education.

Mr. Sardar (Advocate)

Regular teaching- methodology for the preparation of NEET (UG) is really unique. The teachers are also very much cooperative with my sister in the classroom as well as in the doubt clearing classes. Pre/Post class updates are also maintained on regular basis along the test series and practice session.

Mr. Ashim Manna (Army Man)

Prodigy Educlasses has been a boon for my daughter's NEET preparation. Their residential facilities provide a safe and secure environment. Conceptual classes are exemplary, fostering deep understanding. Weekly tests ensure continuous progress. Really thankful to Prodigy Educlasses for their medical entrance preparation.

Dr. Purushottam Chattopadhyay (Doctor)

My son, Pratik Chatterjee, is currently in class VII at South Point High School. Since April 2023, he has been attending Prodigy Educlasses at Mandir Gate, Narendrapur, for Mathematics and Science twice a week. I am highly satisfied with their teachings, mock tests, and systematic approach. I strongly recommend Prodigy to other guardians for a better outcome.

Mr. Habibor Rahaman Mallick (Chef)

The quality of the educators in this institution is really unique. The study materials are really made with scientifically approach which has boosted my son to improve the rank from the previous year. The test series along with doubt removal and remedial classes also help a lot for achieving a good All India Rank in NEET (UG) examination.

Mr. Animesh Manna (Teacher)

The Institute excels in NEET (UG) preparation. As a non-residential student, my daughter benefits from their effective classroom program. The scholarship test and counseling sessions showcase their commitment to understanding each student's needs. The mind-blowing assistance provided to both students and guardians is truly commendable.

Mr. Gautam Chakraborty (Police)

Prodigy Educlasses ensures exceptional NEET preparation, providing a comprehensive curriculum and expert faculty. Their dedication to excellence, personalised attention, and advanced teaching methods empower students like my son. I appreciate the institute's commitment to shaping successful medical professionals.

Mrs. Jayanti Mondal (Teacher)

Prodigy Educlasses is outstanding for NEET prep. With effective classroom programs, proximity to home makes it convenient. Their scholarship tests and counseling sessions cater to individual needs, offering valuable insights. The exceptional assistance and personalized attention make it an optimal choice for my son's medical entrance preparation.
